# CLASH

SNOWMOBILES  
**2022**

**A NEW ERA OF**

# TROUBLE MAKERS

FOR 60 YEARS, WE'VE SEEN WHAT KIND OF TROUBLE YOU CAN GET INTO ON A FRESH BED OF SNOW. TRAILS THAT BEG YOU TO OPEN THE THROTTLE. MOUNTAINS TO TAME. ADVENTURES TO LAST A LIFETIME. THEY'RE THE JOURNEYS EVERY ARCTIC CAT IS BUILT FOR. WE'VE BEEN RAISING HELL AND RAISING THE BAR SINCE 1962. NOW IT'S YOUR TURN.

## THUNDERCAT® EPS

WITH ELECTRONIC POWER STEERING

The world's fastest production snowmobile gets unprecedented handling, for more control on every thrill ride.

## RIOT X WITH ATAC™

A CROSSOVER WITH ADJUSTABLE ON-THE-FLY SUSPENSION

How do you make a true 50/50 crossover snowmobile even more versatile? With shocks that adapt as quickly as the terrain changes, at the push of a button.

## BLAST™ XR + BLAST XR TOURING

DOUBLE FUN

BLAST is back with two new ways to double down on fun. The BLAST XR crossover takes adventure anywhere, and the two-seater BLAST XR Touring lets you bring another trouble maker along for the ride.

# ALL NEW

# CATCH US IF YOU CAN

## THE TECH NO OTHER RIDE CAN TOUCH.

Making trouble means making your own way. Nobody else builds a single-beam rear suspension, shocks that change on the fly, or a CVT like this. Because nobody else is Arctic Cat.

### ELECTRONIC POWER STEERING

Know what the world's most powerful production snowmobile needs? A new kind of power. We're unleashing Electronic Power Steering on the ZR® 9000 Thundercat. Speed freaks and control freaks, unite.

### ADJUSTABLE ON-THE-FLY SUSPENSION

The terrain can change quickly. Now you can be ready for whatever comes at you with ATAC™ Adjustable On-the-Fly Suspension. With the push-button command of three firmness settings, lockout mode and two individual rider profiles, you'll always ride on your terms.

AVAILABLE ON: MOUNTAIN CAT ALPHA ONE, RIOT X, RIOT, ZR 9000 THUNDERCAT EPS, ZR 8000

ATAC's FOX® ZERO iQS shocks feature piggyback reservoirs, three compression settings (Soft, Medium and Firm) and two custom rider profiles.

Dual LED screens and handlebar-mounted controls make it easy to adjust suspension in seconds.

### CONTINUOUSLY VARIABLE TRANSMISSION

Bring new life to every ride, with a new transmission that delivers more consistent performance, longer belt life and less maintenance.

AVAILABLE ON: EVERY FULL-SIZED 2022 ARCTIC CAT

### SINGLE-BEAM REAR SUSPENSION

ALPHA ONE™ unlocks the mountain with the revolutionary single-beam design for incredible maneuverability. With minimal input, you get effortless deep-snow cornering, carving, side-hilling and more. You've never felt a ride like this.

AVAILABLE ON: MOUNTAIN CAT ALPHA ONE, HARDCORE ALPHA ONE, RIOT X, BLAST M

Instead of using a traditional dual-rail suspension, ALPHA ONE has a single aluminum rail that runs right down the center of the track, delivering agility that dual-rail sleds can't match.

The single-beam design of ALPHA ONE eliminates almost all snow accumulation that weighs you down.

# BLAST

MID-SIZED

**MID-SIZED WITH A MEAN STREAK**  
BLAST is the right size for your next adventure: bigger than our ZR 200 youth sleds, but smaller and more nimble than a full-sized sled.

Armed with a powerful, industry-first engine and a best-in-class power-to-weight ratio, the new BLAST Series packs jaw-dropping features into a mid-sized sled. That means faster turns, easier rides and fewer compromises.

- 400 SINGLE-CYLINDER 2-STROKE EFI ENGINE
- LIGHTWEIGHT MID-SIZED CHASSIS
- UNRIVALED SUSPENSION TECHNOLOGY
- TURN-KEY ELECTRIC START

## BLAST XR NEW FOR 2022

Take BLAST on the trail or maneuver through the backcountry on our first mid-sized crossover.

- > SLIDE-RAIL REAR SUSPENSION
- > DUAL-SHOCK AND ADJUSTABLE TORSION SPRINGS
- > ARCTIC MOUNTAIN FRONT SUSPENSION (AMS)
- > TURN-KEY ELECTRIC START

4000  
BLAST XR

## BLAST XR TOURING NEW FOR 2022

Double the fun on BLAST XR Touring, a two-seater built on the mid-sized BLAST frame.

- > 2-UP SEAT
- > SLIDE-RAIL REAR SUSPENSION
- > DUAL-SHOCK, ADJUSTABLE TORSION SPRINGS AND OVERLOAD SPRINGS
- > TURN-KEY ELECTRIC START

4000  
BLAST XR  
TOURING

ALPHA ONE

XTRA-ACTION

## BLAST M WITH ALPHA ONE™

Loaded with the agility of ALPHA ONE, the BLAST M is putting higher altitudes on notice.

- > ALPHA ONE SINGLE-BEAM REAR SUSPENSION
- > ARCTIC MOUNTAIN FRONT SUSPENSION
- > CHALLENGER TRACK
- > LIGHTWEIGHT ONE-PIECE TUNNEL
- > TURN-KEY ELECTRIC START

4000  
BLAST M

## BLAST ZR®

Born with the bloodline of racing champions, the BLAST ZR trail sled is ready to defy a few expectations.

- > SLIDE-RAIL REAR SUSPENSION
- > TRAIL 6 SKI
- > LIGHTWEIGHT ONE-PIECE TUNNEL
- > TURN-KEY ELECTRIC START

4000  
BLAST ZR

## BLAST LT

Handle every job on your terms, or just cut loose on the trails. The BLAST LT sport utility sled is designed to let you work hard and play even harder.

- > XTRA-ACTION REAR SUSPENSION
- > STANDARD TUNNEL RACK
- > HIGH WINDSHIELD & RAISED SEAT
- > TURN-KEY ELECTRIC START

4000  
BLAST LT

# RIOT

## CROSSOVER

Adjust to any terrain from the trail to the backcountry, with available ATAC™ Adjustable On-the-Fly Suspension. And for mountain supremacy, RIOT X packs an ALPHA ONE™ Single-Beam Rear Suspension.

### ADAPT

Every Arctic Cat is designed in Minnesota and assembled  
by American workers in the town of Thief River Falls.  
That means your sled is built with pride,  
right in the heart of snowmobiling country.

Snowmobiling is serious fun. Be sure to read and understand your owner's manual and please pay special attention to the safety instructions. Arctic Cat Inc. endorses and encourages the safe use of all snowmobiles. Be careful; you can get hurt. Wear an approved helmet and don't drink and ride. Be aware of natural hazards you may encounter, allow yourself plenty of room to safely stop your snowmobile under all conditions, and maintain your equipment. Your safety is in your hands, so take care. All scenes depicted or described in this brochure were performed by professional riders under carefully controlled conditions. Leave the fancy riding to the pros; they practice for years and train very hard to make it look easy. Never attempt to duplicate these maneuvers or encourage others to do so. We care about your safety and enjoyment of the sport. All materials and specifications are subject to change without notice. All specifications, competitive specifications, claims and information contained within are based on current knowledge and readily available printed material available as of January 1, 2021.
